

Cavaliers on the Globe Again!

To the Class of 1991:

Hello all! This is Reggie Barnes. If you didn't know, the classes of '85-'95 are planning a reunion in August. I am very excited to represent you as Captain for the Class of 1991. Since we are funding this event ourselves, each class is competing to raise the most money! Any amount you can give would be greatly appreciated.

Currently, I do not have contact information for most of our classmates. Please send your name (including maiden), mailing address, phone # and email address to me at rtbarnes09@gmail.com. That way, we can track who we have contacted and communicate privately. I would also like to create a newsletter that gives updates of where everyone is and what you are doing.

I will be in touch very soon with more specific information. If you have any questions, feel free to shoot me an email. I can't wait to connect with you all again! Talk to you later.

Reggie
